

When you wish to reach the right companies and people, we find them for you

Grow and manage business with comprehensive data

Identify the right companies, decision-makers and consumers before your competitors do.
Align your sales and marketing across target audiences

Reliable data

We only use official data sources, which we enrich with our own expertise.

Extensive data

The most comprehensive company, decision-maker, and consumer contact details in the industry.

Safe data

Choose secure and reliable data which is compliant with GDPR.

Relevant data

Find the right contacts at the right time and boost your sales and marketing activities.

Profinder helps companies acquire new customers and grow their business. We turn customer data into a growth engine by combining, analyzing, and enriching it so you gain sharp insights and the best target group lists to accelerate success across your entire organization.
